

Table 1 The SSR information in loquat flower transcriptome

Type	Statistic
Number of Unigene	93 927
Total length of Unigene sequence (bp)	217 381 567
Number of loci	44 622
Number of Unigene containing SSR loci	28 617
Number of Unigene containing more than 2 SSR loci	1 883
Number of Unigene containing composite SSR loci	4 357
